Cell:1-513-293-7449

RELEVANT EXPERIENCE:

2022 – 2024 **Product Definition Engineer – Lead**
GE Aerospace, Evendale, OH

-Design of low bypass turbine engine components, rotor and stator sections, primarily in NX.
-Stack up assembly analysis, applied GD&T, NX macros development for CAE tools
-Managed PDE team, led efforts for design reviews with manufacturing
-PMC and CMC composite part design, ply layout and layup
-Applied Lean manufacturing methodologies

2018 –2022 **Mechanical Engineer**
KC Robotics, West Chester, OH

-Designed Robotic cells for welding, material handling, material removal, press loading, and additive manufacturing processes, primarily in SolidWorks, Inventor.
-Equipment design and FEA for End of Arm Toolings, welding jigs, and structural weldments.
-Live and offline programming of Yaskawa and ABB Robots.
-Assisted in project management, scheduling, budgeting, and concept costing.
-Implemented best practices for fabrication and assembly teams.
-Participated in and organized design reviews, FMEAs, and conceptual system design.

2012 - 2016 **Mechanical Engineer**
Daifuku America Corporation, Reynoldsburg, OH

-Designed mechanical components and system layouts for material handling projects, including Power and Free (P&F), monorail, Friction Drive System, and slat conveyors.
-Troubleshot system errors during installation and maintenance issues.
-Evaluated existing conditions of customer sites and verified/issued as built drawings.
-Assisted customers with system evaluation and price estimation.
-Performed Failure Mode Effects Analysis (FMEA) exercises and design reviews for aspects of Design for Manufacturability (DFM) and Design for Assembly (DFA).
-Managed revision control, Engineering Change Order (ECO) processes.

EDUCATION:

University of Cincinnati, BS in Mechanical Engineering Technology June 2011.
Minor in Mathematics.

SKILLS:

- Microsoft Office Suite
- NX, Teamcenter, Solidworks, Inventor, Vault, AutoCAD, OnShape, Pro-E, Catia
- Lean, 5S, Kaizen, Six Sigma
- E2, and IFS ERP systems
- Java, VB, VBA, C#, SQL
- Fibersim, Robotmaster, MotoSim
- English: C2
- Spanish: C1
